

## "Nothing Bundt Cake Copycat Recipe"

### ingredients:

- 1 package devils food cake mix (or homemade)
- 3.9 ounce box instant chocolate pudding
- 1 cup sour cream
- 4 large eggs
- 1/2 cup water
- 1/2 cup oil (vegetable or canola oil)
- 1 1/2 cup chocolate chips
- For the Frosting
- 8 ounce cream cheese , softened
- 1/4 cup butter , softened
- 1 1/2-2 cup powdered sugar
- 1 teaspoon vanilla extract

### directions:

- Preheat oven to 350 degrees F, and grease and flour your bundt cake pan.
- Mix the first six cake ingredients together. Stir in the chocolate chips.
- Pour batter into your greased bundt cake pan. Bake at 350 for 45-50 min.
- Allow to cool in the pan for 20 min., then remove from pan and place on wire cooling rack.
- For the Frosting
- Cream together the cream cheese and butter. Mix in the vanilla. Gradually stir in the powdered sugar until smooth.
- Frosting the cake
- Spoon frosting into a pastry bag with no tip attached.
- Starting in the hole of the bundt cake, squeeze and drag frosting up and over the cake. Stop the frosting about 3/4th way down the cake. (On a Nothing Bundt Cake, the frosting doesn't quite reach the bottom of the cake).
- Repeat this process all around the cake.
